

# extended meetovation education

meeting design showing you the point of no return

## why

When we meet we can change the world - bit by bit! But the way some meetings are designed it sometimes feels like an impossible task.

We have all attended meetings and conferences without clear objective, where the room was set up with only chairs and the light were dimmed, and the speaker was not focused on the participants. The result: you either fell a sleep or you gave your attention to your device and updated your social media or answered e-mails.

**One dimensional meetings, conferences and events can surely be a waste of time, money and good energy!**

**- We can do so much better!**

## how

The Extended Meetovation Training consists of a kick-off webinar, three days intensive education, behavioral profile and personal online coaching sessions.

Group size is between 6 and 20

## what

Meetovation is a meeting design concept that ensures value for money when investing in a meeting. Some meetings have a clear value, and the ROI is high. The meetings, conferences and events must leave an impact on the participants. That way they can bring back value to leverage their success.

The Extended Meetovation Education will take the participants from knowledge to action. From knowing what to do, to doing what they know. They will help their customers set clear objectives and implement them.

Participants will be **certified as Meetovators** and furthermore receive:

- **Everything DiSC® behavioral profile report**
- **Strengthening of their personal impact**
- **Tools for creating relations and sales**
- **Insight in project management**

## more

We also offer keynotes or workshops showing how Meeting Design can leverage your meetings, conferences and events.
